

**Insulation requirements:**

- Home must have an electric heating system or central air conditioning or heat pump serving 80 percent of the home (ducted unitary cooling equipment).
- Newly constructed homes do not qualify because they are already meeting insulation requirements in current building code. Incentives apply to building envelope only. Remodeling projects may not qualify if the upgrade requires a building permit. Unheated spaces, such as a garage, do not qualify.
- Pre-existing insulation levels must be nonexistent, or R-10 or less in walls and R-18 or less in floors and attics.
- Insulation may be installed by the customer or contractor. Self-installers are eligible for incentives on materials only.
- We recommend insulating to highest R-Value possible. Minimum R-Values must be installed to qualify for incentive.
  - o Walls – Add R-11+ or fill cavity. (Interior walls, such as walls between rooms, do not qualify.)
  - o Floors/Attic – Add R-19 or greater.
- Insulation must be installed and both invoice and proof of payment are required. Work may be inspected.

**How to receive your incentive:**

1. Purchase and install a qualified product or service. For questions about what products or services qualify, visit [www.rockymountainpower.net/hes](http://www.rockymountainpower.net/hes) or call 1-800-942-0266.
2. Complete all of the information requested on this form. Incomplete forms may be delayed or denied.
3. Review and sign the acceptance of terms. Make a copy for your records.
4. Mail completed form with all required documentation to: **Rocky Mountain Power – Home Energy Savings program  
1400 SW Fifth Avenue, Suite 700, Portland, OR 97201**

**Required documentation for insulation includes:**

- ✓ Itemized receipt/contractor invoice that clearly indicates square footage for each area, insulation type and R-Values for insulation installed, itemized costs and purchase and installation dates
- ✓ Proof of payment (copy of cancelled check or charge receipt)

- ✓ Proof of payment (copy of cancelled check or charge receipt)

Please allow 8-10 weeks for your incentive check to arrive.

**Terms and conditions**

**Incentive availability**

Incentives are available for a limited-time-only and will be honored on a first-come, first-served basis according to the postmark date on the application. Check the program’s Web site at [www.rockymountainpower.net/hes](http://www.rockymountainpower.net/hes) to determine the current status of incentive availability. All equipment must be new and must be purchased and installed prior to submitting an Incentive Application, and must have been purchased and installed on or after January 1, 2008. Applications must include all information requested. Failure to provide this information may result in the delay or denial of the incentive.

**Qualifying customers**

Residential electric customers residing in the state of Utah who purchase their electricity from Rocky Mountain Power on rate schedules 1, 2, 3 or 25 qualify. Landlords who own rental properties served by the company in the state of Utah where the tenant is billed on rate schedules 1, 2, 3 or 25 also qualify for this program. Home must have an electric heating system or ducted unitary cooling equipment serving 80 percent of the floor area (central air conditioning or heat pump).

**Qualifying equipment and services**

Qualifying products and services may be found online at [www.rockymountainpower.net/hes](http://www.rockymountainpower.net/hes), or by calling 1-800-942-0266. Home improvement incentives available on existing homes only. Insulation and window incentives do not qualify if required by a building permit.

**Application details**

Rocky Mountain Power reserves the right to conduct random inspections to verify information provided on the application. If your application is selected for review, it will not be processed until the review is satisfactorily completed. Incentive qualifications and amounts are subject to change and termination at any time. Rocky Mountain Power customers should visit the program’s Web site at [www.rockymountainpower.net/hes](http://www.rockymountainpower.net/hes).

Customer hereby transfers to Rocky Mountain Power all “Environmental Attributes” attributable to the Qualifying Equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities through reduced generation of energy or other savings or offsets on account of the Qualifying Equipment. Customer will not claim ownership of any Environmental Attributes. As long as Customer at the same time states the Qualifying Equipment was made possible with funding from Rocky Mountain Power, Customer may claim that it is facilitating the production of the Environmental Attributes attributable to the Qualifying Equipment.

Rocky Mountain Power issues incentives in the form of checks not utility bill credits. Rocky Mountain Power is not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and Rocky Mountain Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Households receiving incentives under the Home Energy Savings Program may not receive equipment purchase and installation incentives under other Rocky Mountain Power programs.

**Incentive applications must be submitted within 90 days of purchase or installation.**
